**CONFERENCE
OVERVIEW
AND
SCHEDULE**

THE CONFERENCE AT A GLANCE

Florida Technology Student Association and Foundation, Inc. (FL TSA) is a career and technical organization operating under State Board of Education rules. This annual conference and competition is where students have a chance to showcase their hard work and efforts by competing in the many STEM related events offered at both the middle school and high school levels. This 'Conference Guide' includes everything you need to get ready for this year's conference, so please take time to carefully review the information. If you have affiliated your chapter for the 2020-2021 season, you should have already downloaded the 2020-2021 Middle School or the 2021-2022 High School Competitive Events Guide. Please be fully aware of rules, regulations, and specifications for the various events your students enter.

FEES & REGISTRATION:

FL TSA uses an online registration system. Advisors will be responsible for entering their students' names and the various events the students plan to enter. Registration begins in November, and is open until January 22, 2021 at which time late registration will continue, with an additional charge of \$10 per person. Late registration continues until February 1st, 2021, closing at midnight, after which registration will close. Once registration has closed, the students and events listed in the online registration system cannot be changed. Once registration is open, you can visit the website for a link to the FL TSA State conference online registration website; information and a link to the online registration site can be also found at <http://floridatsa.com/stateconference/>

ADVISORS & STUDENTS:

The conference registration fee is \$65.00 per person for students and advisors. This reduced registration cost is for 2021.

ALUMNI AND CONFERENCE ASSISTANTS:

Alumni are required to complete a Conference Assistant Application and submit the application with a deposit of **\$30.00**. Applications will be reviewed and a determination will be made as to which alumni will be accepted to attend the State Conference as Conference Assistants. (Conference Assistants should not register in the online system. Their registration will be handled administratively.) Alumni not serving as Conference Assistants are welcome to attend with a chapter and should register as alumni with the chapter with which they will be attending. This arrangement would be subject to your local school/chapter advisor's acceptance. All checks should be made payable to Florida TSA.

DIVISIONS OF COMPETITION

The following is a breakdown of grade levels used to categorize competitive event entries:

Level I: Grades 6, 7, 8 (Middle School)

Level II: Grades 9, 10, 11, 12 (High School)

Level III: Grades 6, 7, 8 Exceptional Education Division (Middle School)

Level IV: Grades 9, 10, 11, 12 Exceptional Education Division (High School)

GENERAL EDUCATION DIVISION (LEVEL I & II)

These levels are for students that fall under the “standard” educational path. Level I is the middle school division and Level II is the high school division. The ninth grade is to compete with the school in which it resides. Currently all Florida public school systems place the 9th grade in the high school. (This has not always been the case and may change again in the future.)

EXCEPTIONAL EDUCATION DIVISION (LEVEL III & IV)

The purpose for this level is to allow students with disabilities to participate in all activities that Florida TSA offers. Examples of student who would qualify for these levels are students that are Deaf, Hard of Hearing; Autistic, Mentally Handicapped, Educable, Trainable, Severe; or Orthopedic or Visual Impaired, that cannot compete at Level I or II because of their need for modifications are eligible to compete at this level. These students would require modifications related to their handicap that would change the event making it unfair for them to compete at Level I or II. Students that are ESE, ESOL, or have IEP’s do not automatically qualify for Level III or IV accommodations. Use discretion when determining the appropriate level of competition and as always, think of what’s best for the student’s overall success in life.

REGISTRATION AND REQUIRED LEVEL III AND IV DOCUMENTATION:

Level III and IV entries must be registered via the online registration system; Level III events are located just below the Level I events and Level IV events are listed below the Level II events. In order to have the disability of a Level III or IV student considered when judging, the advisor must fill out the **Level III & Level IV Accommodations Form** and mail it to the Florida TSA office, with a postmark date of **January 25, 2021**. This form must be filled out for each event the student has entered, as judges will use this form to consider the student’s need modifications while judging the entry. On the form, you need to include modifications that are needed to allow the student to compete.

ACCOMMODATIONS:

Florida TSA may not be aware of the specific modifications that are required for individual students and will do whatever is necessary to make the activities accessible. It will be up to the advisor to make arrangements for their students. If there is something needful that Florida TSA may be able to provide, please contact Aubrey Hudson, State Conference Manager, at: ahfitsacm@gmail.com.

ITEMS TO CONSIDER:

- All Level I and II events will be offered to students qualifying to receive Level III and IV accommodations.
- Students may enter only one Level (I, II, III, or IV). Students should be encouraged to enter level I or II and only enter Level III or IV if their disability prevents them from competing in Level I or Level II without accommodations.
- Please note that some events require students to place in the top 3 at the State Conference to attend the TSA National Conference. Level III and IV students may not be allowed to represent Florida at the National Conference, because the National Conference does not have a Level III or IV Division. o Level III and IV students would not include students who require accommodations such as a signing **interpreter or large print, unless it changes the intent of the event.**

FLORIDA TSA EXPECTATIONS & POLICIES

BEHAVIORAL EXPECTATIONS & DISCIPLINE POLICY:

TSA prides itself in the good conduct of its members. Unbecoming conduct or violation of rules by an individual may result in: the individual being restricted from all activities and confined to the housing room and/or the loss of contest points for the chapter. In addition, any gross violation may result in the individual being sent home early. Minor violations will be referred to the chapter advisor for action. An independent discipline committee will decide penalties for gross violations. In an attempt to protect everyone involved in Florida TSA sponsored events, the following behavioral expectations and discipline policies have been established:

1. Possession or usage of any weapon, alcohol, or controlled substance is as follows: Florida TSA will enforce all existing state statutes (law) and school board policies concerning the possession of firearms, weapons, controlled substances including alcohol and tobacco and will notify the appropriate local authorities.

2. Curfew: There is a set curfew for each day of a conference. All students must be in their rooms at the time stated in the conference program. If a student is found outside of his/her room after curfew, the advisor will be notified by the adult head of security to pick up the student from the designated holding area. The student will be released only to the respective chapter advisor. Additionally, advisors should set a good example by not scheduling chapter activities after curfew.

3. Balconies, Alcoves, Stairwells: It is a felony in the State of Florida for debris or any item to be thrown from any upper level (i.e. balcony, alcove or stairwell.) "Debris of any kind being thrown will result in eviction of the entire room". Florida TSA will not make provisions for those who choose to violate Florida Law. In addition, all guests associated with a room eviction will be disqualified for the remainder of the conference and will forego eligibility of any and all awards. There will be no waiver from this agreement; therefore, it is strongly urged that all conference attendees are made aware of this agreement.

4. Hats and Head Covering: Head covering/gear is not to be worn inside the building.

5. Name Badges: Name badges must be worn at all times by students, advisors, alumni, guests and chaperones. No one will be allowed in the conference area without a name badge.

6. Pool Facilities: Students may use the hotel swimming pools if permitted by local school board policy, and only under the direct supervision of their advisor, or adult chaperone designated by the chapter advisor; the advisor/chaperone must be present on the pool deck.

7. Stereos: In order to maintain appropriate noise levels, students are not allowed to bring stereos with external speakers on conference property at any time.

8. Hotel Rooms and Hallways: Running, yelling or talking loudly, and slamming doors in hallways, corridors, lobbies, and meeting space will not be tolerated. Please keep in mind that FL TSA and its members are not the only guests staying at the hotel.

9. Elevators: utilize manners when entering elevators allowing guests to exit before entering.

10. Cell Phones: Competitors are prohibited from bringing cell phones into event competitions. If a student/competitor has a cell phone in the event, it is ground for immediate disqualification and removal from the event.

11. All students, advisors, and guests must be registered for the FL TSA State Conference and wear a valid name badge in order to access any sessions including the awards ceremony Any conference attendee (student or adult) may be removed from the conference for any reason deemed necessary by the Florida TSA Board of Directors Discipline committee.

Please Note: Students should not bring personal valuables such as expensive jewelry, electronic games, or excessive cash that could be lost or stolen.

GRIEVANCE PROCEDURE:

Rules Interpretation Panel Grievance forms can be found in the competitive events guides provided to each chapter by National TSA. For the sake of convenience, copies of the **Rules Interpretation Panel Grievance** form are available in both the *2021 State Conference Guide, Section Forms and Applications*, as well as at <http://floridatsa.com/documents/> in the Documents Library on the Florida TSA website. Advisors must e-mail their own form, fill it out, and return it to the Executive Director, Justin Lauer. The Executive Director will meet with members of the Rules Interpretation Panel to review the grievance and make a final determination. Once a decision has been made, the advisor who submitted the form will receive a written response. Determinations are final. As long as we have contests with set rules and human judges, there will be disagreements in procedure, interpretation, and scoring procedures. The FL TSA Board, the Executive Director, and the Conference Manager work very diligently to avoid contest inconsistencies that lead to grievance procedures. **We ask that all of our members, advisors, chaperones, judges, and coordinators be professional and considerate of the volunteers and other personnel involved in the competitive events at all times.**

VOTING DELEGATES:

Although there is no limit to the number of student members who may attend from each chapter, each chapter shall be entitled to only two voting delegates. State officers have one vote each and do not count toward your chapter's two voting delegates. These delegates are the only members who may vote in the election and business meeting. Voting delegates from a chapter must be seated by the time and place stated in the conference program in order to receive full voting privileges. State officers must also be present at delegate seating for their own officer vote, and cannot serve as a chapter delegate.

Note of explanation: FL TSA does not presume to tell chapter advisors how to run their chapters; however, voting delegates are generally student leaders who act as your chapter's representatives and should vote to represent your chapter's feelings on the issues and candidates. The "two votes" belong to your chapter's membership, not the two individuals selected to represent your chapter.

ATTIRE

Florida TSA will adhere to the National TSA Dress Code, which is as follows: Chapter advisors, parents and chaperones are responsible for seeing that all TSA student members wear official TSA attire, professional TSA attire, or business casual TSA attire as occasions may require. Competition Attire, General Session Attire, and Casual Attire are considered appropriate dress for related conference activities and public appearances. Since adults (advisors, parents, Alumni and guests) serve as role models at TSA conferences and activities, they are expected to dress appropriately for all related occasions they attend. **Please note - all guests, including children, who attend the national TSA conference must comply with the TSA dress code. No flip-flops, halter tops, tank tops, or shorts are permitted for anyone at the general sessions.** Students must adhere to the TSA dress code requirements as listed: During general sessions, student members must wear **attire in accordance with the National TSA Dress Code**. Adults are expected to dress appropriately. TSA contestants must refer to the National TSA Conference Competitive Events Guide for specific attire requirements for individual events.
