

Student Teams Achieve Recruitment

Purpose: This program is to recognize student teams who demonstrate leadership abilities to recruit new Florida TSA chapters that were not affiliated the prior school year.

Parameters: Student teams of 1 to 6 students may work together and register for this award opportunity for recognition at the Florida TSA State Conference. An advisor must register a student team in the state conference registration system and an application must be uploaded in Judge Pro by the posted deadline for consideration. Student teams of one to six team members will each receive a commemorative pin as recognition for this program. Applications will be evaluated to verify the new chapter that was recruited was not affiliated with Florida TSA the prior school year. A student may only qualify for one commemorate STAR program pin per school year although students are welcome to recruit multiple schools each year. Both the student recruitment team and new chapter must be fully affiliated with National TSA.

(This award opportunity will not count as a competitive event as part of the conference event limit per student. This is a non-competitive award opportunity.)

Upload completed applications into Judge Pro by the posted state conference deadline. Chapter advisors must register their students for this opportunity in the state conference registration system.

Student Teams Achieve Recruitment Application

Name of new Chapter and Chapter Advisor that was not affiliated the prior school year:

Names of up to six students who were most influential in recruiting this new chapter:

- 1) _____
