

## Bylaw Amendment Proposal

Article VIII State Officers, Section 1

Should be amended by adding:

“Parliamentarian: to have knowledge of and to continue learning parliamentary procedure; to ensure the officer team is informed about TSA’s parliamentary law; to serve as directed by the president; and to promote Robert’s Rules of Order in Florida TSA. Historian: to be aware of Florida TSA’s history and archives; to serve as directed by the president; to photograph TSA events, and to document important moments in Florida TSA.”

---

Rationale: Adding the officer positions of Parliamentarian and Historian will give more students leadership opportunities. There are several state delegations affiliated with national TSA that offer more than six state officer positions. Florida’s membership continues to grow, and I believe that the Florida delegation’s number of representatives should as well. Thank you for your time and consideration.
