Welcome!

Dear Colleagues and Students,

It is with great pleasure that I welcome you on behalf of the Board of Directors to the Florida Technology Student Association Annual State Conference and Competitions. I want to thank each of you for your continued support of FL TSA. It was another record-breaking year for Florida TSA, and all of YOU made it happen! We know there are uncertain times in education and it was not easy. However, nothing good comes easy and anything worth doing is worth doing well. My hat is off to you for all you do for your students and our organization.

Our state officers have been working very hard and it showed at the Fall Leadership Conference in Orlando. What wonderful time—it was a fun, positive and uplifting conference. We hope that you enjoy the planned activities throughout the state conference, designed to enhance your conference experience. Be sure to participate in these activities in your spare time as your schedule permits.

We are proud to have conference assistants selected from our current Florida TSA Alumni and FSU STARS, to help conduct many of our competitive events as well as spirit activities. The roles these individuals play will help to shape the successful outcome of this conference. We could not do it without them. If you are currently a senior, we invite you to consider affiliating with the Florida TSA Alumni organization. This leadership opportunity is the next step in life. It is your chance to remain an active and vital part of Florida TSA. It's no secret that our alumni are the best in the country! This is going to be another recordbreaking year for TSA. Let's go Florida!

Good luck to all of this year's State Officer Candidates and to each one of you in your competitive events. Thank you all for being a part of the most outstanding Technology Student Association in the country!

Sincerely,

Nathan Bostic
